

AZ Public School Enrollment Verification

If a student qualifies to receive a Corporate or PLUS Tax Credit Scholarship by the following eligibility requirement,

“The student must have been enrolled in an Arizona public school K-12 as a **full-time student** for at least 90 days of the prior fiscal year (or the equivalent of one full semester for that school), & then transferred to a qualified private school.”

Then, this information is to be completed by AZ public school official. Depending on the student’s current enrollment status, you may need to provide information for both the current school year and the prior school year. If the student attended more than one public school during a school year, provide information for all public schools (a separate form for each school must be attached).
